## Professional Self Inking Stamps

Circular Dimensions manufactures Professional Self Inking Stamps. We can create rubber stamps with any combination of text and graphics. The technology allows for high resolution image to be placed on the stamp and with any font(\*). You can have your own personal signature stamp without an additional charge.

If you can create the image and or text in a high resolution print - we can scan it and make it in to a stamp; or email us the graphic file. If you can sketch the design, for a small additional fee we can create a high resolution image and make it into a stamp.

Stamp sizes range from .47" x .47" to 1.57" x 3.54". The ink supply, in the stamp will lasts for 10,000 impressions and can be refilled. The stamp is good for 50,000 impressions. Quantity discounts are available and colored ink stamps are also available.

These stamps can save you money. Address changes, phone number changes, website address and email address can be added to you existing stationary, literature, etc. till they are exhausted. A single stamp can save you hundreds of dollars, provide you plenty of time to make the new changes for your new stationary or your next literature production.

Adding your logo to your stamp makes it stand out. Stamps ordered today are delivered(\*) to you tomorrow, or shipped priority mail.

(\*) - While we have many fonts, you may have to email or provide the font on a disk (PC Clone). You can send camera ready art or art file (tif preferred.) We can deliver the stamp(s) within a 15 mile radius of City of Poughkeepsie.
